ALLIANCE TOURING AND RIOT ENTERTAINMENT PRESENT THE DILLINGER ESCAPE PLAN 2008 AUSTRALIAN TOUR

A long time ago, **Nietzsche** said, "What doesn't kill you makes you stronger." Those seven words have not only become a modern philosophical catchphrase, but a signpost to life for **The Dillinger Escape Plan**. That's because despite a multitude of major incidents and ongoing setbacks, **Dillinger** have continually defied the odds and returned more powerful each and every time.

Their new album, **Ire Works** is career-defining. You can't kill **DEP**, they only get stronger.

With '**Ire Works**,' **DEP** continue to push the envelope. Where '**Calculating Infinity**' was a combustible technical tour-de-force and '**Miss Machine**' juxtaposed the band's explosive tech-metal song crafting with dark, mature melodies, '**Ire Works**' is all about channelling the collective experience and a lot of, well, ire.

Dillinger have never bowed to even the most debilitating of incidents and **Ire Works** illustrates just how driven they are to create. Even if it looks like they've just been taken out at the knees, they find a way to survive what looks to be certain demise, coming back twice as good and ten times as powerful.

Now **The Dillinger Escape Plan** bring that power and fury born out of '**Ire Works**' back down to Australia this May and everyone better be ready to face the barrage that awaits. There will be no quarter, no let up and no held punches. Be prepared.....

DEP will be supported by Relapse Records label mates, the awesome **Coliseum**....

Coliseum says: "We are extremely excited and honored to be embarking on our first tour of Australia in support of The Dillinger Escape Plan. We are fully prepared to bring our apocalypse-rock to Oz. After we've has left the continent's eardrums in ruin and collective consciousness forever altered, the stage will be set for the forthcoming wasteland predicted by the prophet filmmaker George Miller thirty years ago in his masterpiece **Mad Max**. Only now the punks will reign and the interceptors will fall!"
